Having opened a new operation in Florida in April, BWD Group LLC has taken additional steps to expand its insurance and risk management brokerage business. Saul Landesberg, Regional Vice President of Sales, announced the appointment of Tom Wilde, CPCU, to the professional staff as Vice President of Client Development. A long time resident of the Tampa Bay area, Mr. Wilde brings to BWD a wealth of technical expertise and more than 25 years experience servicing the needs of large, complex commercial accounts. Acknowledging the important role Mr. Wilde will play, Mr. Landesberg said, “We are delighted that Tom has joined the BWD team. He is one of the most highly regarded insurance experts in the region and we look forward to the valuable contributions he will make providing risk management solutions to a broad array of clients in Florida and beyond.”

To support rapidly increasing production, Tim O’Malley, BWD’s Senior Vice President of Business Management, announced that the Florida group has moved into new offices at 10101 9th St. N., Suite 264, St. Petersburg, FL 33716. Commenting on the move, Mr. O’Malley said, “This is the logical next step in the ongoing development of our business in the Southeast. The physical infrastructure at the Plaza Suites provides an excellent platform for Saul and his team to reach out to our clients as well as flexibility to support growth and additional resources.”
